DENNIS ASANTE

WEB DEVELOPER

+233 59 269 1794 | dennisasante120@gmail.com | www.dennisasante.com

Web developer with experience building and maintaining modern web applications and websites. I work across both frontend and backend, handling everything from structure, performance, and integrations to ongoing improvements. While I've delivered many projects using WordPress, I'm equally comfortable working with custom logic, APIs, and evolving systems to solve real problems and meet client needs.

AREA OF EXPERTISE

- Web Development
- Project Management
- Technical Support
- Graphic Design
- Content Management
- AWS & Cloud Basics
- Search Engine Optimization (SEO)
